The Mission: To inspire every generation to create a positive impact on the future of our community, promote promise, and show appreciation by bringing together voices for the common good, developing leaders, and taking an active role.

Get Connected!

The Sioux City Growth Organization (SCGO) is a group of young professionals in the area who want to make Siouxland a better place to live, work and play. We focus on improving issues that not only affect us as members of this community, but will also draw and retain future members to the Sioux City area.

SCGO provides different opportunities for everyone involved. Some enjoy the social aspect, to meet other young professionals in our community. Some see it as a networking opportunity, to build business relationships with decision makers and leaders in Siouxland. Some make connections, to learn more about our area and serve on local boards.

Get Involved!

There are about 100 young professionals involved in SCGO. There are numerous ways to get engaged with SCGO at many different levels. Committees are an opportunity to get involved and take an active role. Join a committee at any time!
